APPLICANT'S INTERVIEW SUMMARY RECORD

Director of the U.S. Patent and Trademark Office
Washington, D.C. 20231

Sir:

Further to the Examiner Interview Summary Record of the interview held July 30, 2002, Applicant wishes to express his appreciation to Examiner Tran for the courtesies shown Applicant's representative. The interview was intended to review the invention as currently claimed and present a demonstration of the apparatus to place the claims in context and breathe life into the figures.

At the interview, Applicant's representative pointed out that the claims are principally directed to the second embodiment. Although the Examiner Interview Summary Record addresses an intermediate connector, such is not found within the second embodiment. Applicant's representative specifically discussed the structure of all embodiments with emphasis on the second embodiment and the modifications thereof.

If the Examiner has any questions concerning this filing, he is respectfully requested to contact Applicant's representative at the telephone number listed below.

Respectfully submitted,

James A. Oliff
